NEWSLETTER

Editorial

\*\*\*\*\*

Hi Folks. I hope you all had a Merry Christmas and a Happy New Year and I hope you survived the heat. This sort of weather surely tests out the performance of your radiators ! This months Magazine is a little bit smaller than usual because.....

EDITOR WANTED

\*\*\*\*\*

As I indicated at the AGM, I had intended to vacate this post but due to much pressure from fellow members I was coerced in accepting re-nomination as Editor. I accepted, although I told the AGM that I would only be able to carry out the Editorial duties for a further 6 months i.e. until Xmas 1991. Therefore at the January 1992 meeting I resigned as Editor. Unfortunately, nobody at the meeting undertook to take over as editor, and I agreed to produce this months mag. Therefore we need everybody to think about becoming the Club editor.  
All you have to do is :

- Get together about 5 to 6 pages of info including Dates for your Diary, Minutes, For Sale, Contributions etc.
- Organise about 70-80 photocopies of each
- collate all the copies ready for stapling
- staple these 70-80 mags
- fold all the stapled mags in three
- put them all in envelopes and seal
- stick address labels on them all as well as keeping track of who to send them to.
- take them all to the Post Office & ask to "Bulk Mail" them.

I will be able to continue the task "Membership Registra" as I already have all names, addresses, Phone #'s and membership status on a data base and I will be able to keep this updated and print out a self adhesive mailing list prior to each meeting, so long as I am kept informed of membership changes. A couple of people out there would probably question my ability to keep track of the whole show, but I try my best, and sorry to anyone who has been stuffed around. Remember, we (the committee) only do it for love !

Also, I hope I will be able to spend more time writing articles of interest every so often, rather than having a monthly mag to produce every month and not spending time on my own contributions.
