EDITORIAL

More items for sale this month. We have recently purchased a batch of 4 windscreens. These have the black ceramic base. we are selling them at \$165-00 each.

Also our treasurer Allan has just returned from New Zealand and bought with him sets of Decals. These are mostly for the under bonnet area, and also to refurbish the badgework on the car. These are the same as original and are selling at \$30-00 per set. If you are doing a car up they will give it the finishing touch.

An update on the National get together is included. things look to be coming along nicely. Looks like we may have to get out our cowboy hats and dust off the boots for a western theme Sunday night out. If you haven't already made your booking do it as soon as possible as they will need to know numbers for catering.

An interesting piece of trivia in Grahams report regarding the strength of the P76. After having been hit in the rear end, and also rolling one over and putting it back on its wheels facing the way we had come. I can vouch for it being a safe car to be in an accident, I came out of both accidents with only bruising.

Well thats all for now, and I'll see you next weekend at NINGI

ROGO RAVES

Hi it's the ROG here. Well another month has passed. it will soon be Christmas and time for our Christmas party. I think we have a place organised for it, I will leave that for Pat to let you know where and when.. I would like to see you all there. Maybe you will win a trophy or something. Lots of things happening in the club. Brett Shaw and I with our wives went to Bundaberg, to the car show. We put on a very Good display along with the Hallards Three P's Unfortunately we didn't win the club trophy. The standards were very high.

Last Saturday Brett and I were called upon to attend a wedding using our Targas to escort the Bride and bridesmaids. The cars looked excellent with the white ribbons etc. Everybody was rapped in them. Maybe they are starting to realise what a bloody good car they were and still are.

I am looking forward to this next Sunday. We have the Motokhana organised. For those of you who do not know anything about this event, I will try to explain it to you.

This is a precision driving event NOT a raceing event. Although times will count, but you will lose heaps of points if you mess it up and crash into witches hats etc,

We will have a couple of cars you can drive around in, if you don't want to use yours.

I shall have to sign off now so keep on p,ing

ROGO

P.S.

I heard on the Grape Vine that a certain rubbish tip has been complaining that when a P76 is dumped they have to flatten them first with the Dozer before the crusher can handle them. Modern cars go straight into the crusher.

Makes you think doesn't it.
