- 2. Geoff suggested Noosaville Hill Climb on the 13-14th November as an outing.**

The meeting was closed at 9.05 pm

PRESIDENTS REPORT

My apologies for not being at the September Meeting. Neville and I were out and about down in Sydney picking up a P76 Rally car which I had purchased off Luke. Luke and I use to drive the rally car in the Camp Quality Charity Rally back in the early 90's. The car is no longer in drivable condition, so Neville and I trailered it back to Queensland. The sole purpose for the purchase is for the running gear only. The body has more rust holes in it then metal. It has been sitting around on grass for the last 8 years and most of it has rusted away. There is a trail of rust crumbs from Sydney all the way back to the Gold Coast. There should be some pictures of it in the magazine.

While we were down in Sydney, Neville and I were able to get a hold a young lady who had some new P76 parts. We purchased a large quantity of new parts from her. There should be a list on the back page with prices. Remember that the club goes to a great effort to obtain these parts and I hope that they will help our members to bring their P76's back to life. For anyone that is interested, I think that there is only one or two windscreens left as well. So if you want or need a windscreen, get in contact with Pat & Graham before they are all gone. At this price it would be a good idea to have one for a spare. The last time I had one replaced, which was last year, it cost me \$240 from O'Brien's.

Back on the Club scene, it seems that the two outing/meeting criteria that has been introduced is off to a flying start. According to Andrew who chaired the September meeting in my absence, there were a few new faces at the Friday night meeting. Also it was good to see 13 P76's and a Marina at the All British Day. I think we put on a great display and it certainly attracted some attention. Thanks to Adrian for bringing the Club Trailer with food and drinks; and thanks to Warren for playing chef for the day. Could Warren please contact the local hospital to see how the food poisoning antiserum is coming along. If you weren't there then you missed out on a great day.

For all those members out there that have a vehicle on Club Registration, and haven't paid your membership dues; then your P76 is not registered. The Club Secretary will be sending a letter to Queensland Transport to notify them of the members that have not rejoined. Unfortunately we have no way around this as we have to abide by the laws on concessional Registration. We have an obligation to notify the Transport Department each year. This is why we introduced 2 year memberships for members with Concessional Registration. This way you are always a member, being a year ahead in membership.

Lastly on the list is this years Christmas Party. If you have any suggestions of where to have the Christmas Party please let us know. The committee is looking for a new venue.

Garth.....

All British Day 2004

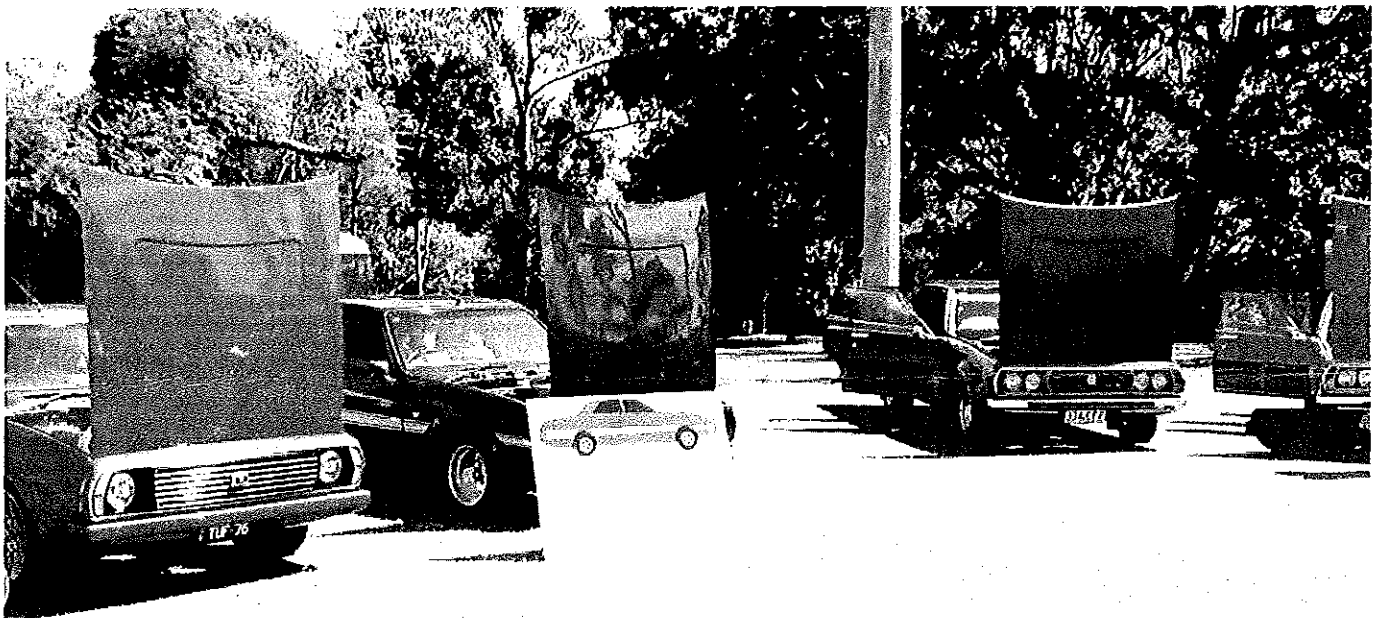

Some of the Guys at the All British Day.

All British Day 2004

Our Treasurer (Warren) cooking up a storm with Don giving advise.

Some of the highly modified P76's at the show.
