## From the Editors Desk

Hi all

What a great adventure Richard and I had in New Zealand. We spent time getting to know our three month old grandson and taking lots of photos. got caught up in the floods there and had to find accommodation for the night in another town as did lots of other people, visited the snow, sat by log fires and wore thermals. Our plane was two hours late leaving New Zealand of which we had to wait on board and then we got caught up in a traffic jam in road works for 45 minutes almost at midnight on our way from Brisbane to the Gold Coast. Yes, it all happened for us and we have lasting memories as all trips should be.

The Club celebrated its last meeting at the Norman Park Uniting Church Hall on Friday 11 June after 22 years. After the meeting we enjoyed supper and a couple of drinks before we went on our way from this venue for the last time. We are moving to the Mt Petrie School, Vivaldi Street, Mt Gravatt with the first meeting to be held there on Friday 9 July 2010. A map of the new venue is in this mag and if you have any queries or cannot find your way, please phone Carle on 0413553173.

Another reminder that subs are due by 30 June 2010 and to those on Special Registration who have not paid by that date, your vehicle/s will become unregistered. The law requires that you are a current financial member in order to keep your Special Registration no matter when that registration expires. That means, if you have Special Registration and you are not a current financial member for the 2010 – 2011 year by 30 June 2010 your registration automatically expires and you will be driving an unregistered vehicle. The post office box will be cleared on 30 June to ensure that those who have paid their subs keep their vehicles registered.

Our run this month is on Sunday 27 June 2010 and is a BBQ lunch at our place from 11.00am. The club will provide the meat, we will provide tea and coffee and everyone is asked to bring a salad and drinks. Our address is 14 Jingella Street, Santa Barbara, Hope Island Qld 4212 (this is north Gold Coast, the Hope Island exit on the Pacific Highway between Dreamworld and Movieworld).

It is good to get photos and information from our members of shows they have attended in their area. Thanks to John Salkeld for sending these to us from the Fraser Coast Historic Car Club display at Hervey Bay. Your two cars look good John and it was obviously a warm sunny day. These shows get the cars into the public arena for all to see. Yes, it is surprising how many positive comments are received now they are a classic car and also the stories people can tell of when they were younger and their Dad, uncle, friend etc used to own one.

Please note Adrian has a new phone number which has been listed under the committee section on page 2. I know he has told most of you but if you haven't filed it at least you know where to find it to get hold of him.

Remember to diary the Annual General Meeting coming up in August. It will be held after the monthly meeting on Friday 13 August. Times will be notified in the next magazine.

Hope to see you at our June BBQ or our first meeting at Mt Petrie School in July.

Three blondes were all applying for the last available position on the Texas Highway Patrol. The detective conducting the interview looked at the three of them and said, "So y'all want to be cops, huh?" The blondes all nodded. The detective got up, opened a file drawer, and pulled out a folder. Sitting back down, he opened it, pulled out a picture, and said, "To be a detective, you have to be able to detect. You must be able to notice things such as distinguishing features and oddities like scars and so forth."

So saying, he stuck the photo in the face of the first blonde and withdrew it after about two seconds. "Now," he said, "did you notice any distinguishing features about this man?" The blonde immediately said, "Yes, I did. He has only one eye!" The detective shook his head and said, "Of course he has only one eye in this picture! It's a profile of his face! You're dismissed!" The first blonde hung her head and walked out of the office.

The detective then turned to the second blonde, stuck the photo in her face for two seconds, pulled it back, and said, "What about you? Notice anything unusual or outstanding about this man?" "Yes! He only has one ear!" The detective put his head in his hands and exclaimed, "Didn't you hear what I just told the other lady? This is a profile of the man's face! Of course you can only see one ear! You're excused too!" The second blonde sheepishly walked out of the office.

The detective turned his attention to the third and last blonde and said, "This is probably a waste of time, but...." He flashed the photo in her face for a couple of seconds and withdrew it, saying, "All right, did you notice anything distinguishing or unusual about this man?" The blonde said, "I sure did. This man wears contact lenses." The detective frowned, took another look at the picture, and began looking at some of the papers in the folder. He looked up at the blonde with a puzzled expression and said, "You're absolutely right! His bio says he wears contacts! How in the world could you tell that by looking at his picture?"

The blonde rolled her eyes and said, "Well, Helloooooooooooooo! With only one eye and one ear, he certainly can't wear glasses."

**Email received from John Salkeld:**

Thought I'd send a few pics that you may be able to use of my two Ps at the Fraser Coast Historic Car Club display held a few weeks ago here in Hervey Bay. There was a great turnout of cars of various makes and models with about 1400 people coming to view. I believe there were about 100 cars on display. The P's created some interest and mainly favourable comments.

Thanks and best regards  
John

## *President's Report*

Hi fellow Leyland members

Well it's been a fairly busy month so far and not in the automotive line either. One of our computers crashed but we had budgeted for two new ones anyway. I have been busy changing files over and learning a new operating system (Windows 7 Professional) and some new typing programs (Office 2007). Anyone who has done this knows it takes a long time to get the machine how you like it.

So that has been a week or more on them and now I realise our camper trailer is coming shortly and I NEED to make room for it amongst all the Marina parts. The trailer is a fair size and the tent with it is HUGE, well to me it is. It opens fully enclosed to roughly 4 metres x 4 metres, or if you prefer the old measurements, 13 foot x 13 foot. However, you don't have to put it all up every time. You can pick and choose from the base tent of 4 metres x 2 metres to tent and annex and further then to all in with floor.

The members that turned up to the meeting the other night were lucky enough to toast the last meeting of 22 years at the old venue, as well as some yummy cakes.

Remember the next meeting is at the new venue on Mt Gravatt-Capalaba Rd Mackenzie in the Mt Petrie School (not Petrie). Entry is via Vivaldi Place for those with a GPS.

A couple of big ideas were floated at the meeting that members were asked to think on until a future meeting - more to follow on this later.

There are quite a few good events coming up and one that is of interest is the South Coast Restoration Day in Rifle Range Road Pimpama on the 25 July. This is a great all-round day for the family with interactive exhibits. Bring the classic car along and display and enter for free.

I hope to get around to working on the Land Rover shortly.

Until next time  
Carle

## Getting Married

Jack, age 92, and Gill, age 89, living in Devon, are all excited about their decision to get married. They go for a stroll to discuss the wedding, and on the way they pass a chemist shop and Jack suggests they go in. Jack addresses the man behind the counter. "Are you the owner?"

The pharmacist answers, "Yes."

Jack: "We're about to get married. Do you sell heart medication?"

Pharmacist: "Of course we do."

Jack: "How about medicine for circulation?"

Pharmacist: "All kinds"

Jack: "Medicine for rheumatism?"

Pharmacist: "Definitely."

Jack: "How about suppositories?"

Pharmacist: "You bet!"

Jack: "Medicine for memory problems, arthritis, and Alzheimers?"

Pharmacist: "Yes, a large variety. The works."

Jack: "What about vitamins, sleeping pills, antidotes for Parkinsons disease?"

Pharmacist: "Absolutely."

Jack: "Everything for heartburn and indigestion?"

Pharmacist: "We sure do."

Jack: "You sell wheelchairs and walkers and canes?"

Pharmacist: "All speeds and sizes."

Jack: "Adult incontinence pants?"

Pharmacist: "Sure."

Jack: "Then we'd like to use this store for our wedding present list..."
