From the Editors Desk

Hi Everyone,

This is the last time I will be writing this magazine. August 10th is the AGM at the Belmont Rifle Range and we will hopefully have a new editor. If no one accepts this position we will all have to look at facebook for club information (I am not a Facebook member). Those members who don't do facebook and would like to know what is going on, you will have to contact the incoming committee. We need as many club members as possible to attend the AGM, please try to attend.

I have done this job for the last 2 years and have found it difficult getting interesting articles to write about. Who even takes on this position, it needs club members to submit articles to make it work. Lets hope someone is prepared to take on this position. Thank you to those members who have submitted articles for the magazine.

Keith and myself plan to start travelling with our caravan. Firstly starting with Outback Queensland, then heading to North Queensland, then to Darwin and possibly Broome depending on time and weather. Who knows we may catch up with Ann and Richard at some beautiful and exciting spots with a glass or two in hand, watching the sunset and who knows the sunrise.

Thank you to Keith Nicholson, Adrian Spencer, Allan Schutz for preparing the container for removal on the 10th August to the new premises. It was a long day for all concerned, but has now been put in place to be removed from its current position. A big thankyou to David Muirhead for letting us store the containers on his property in Greenbank. The second container needs to be set up for removal in the future before September, and a working bee will be organised for a weekend when more club members can help. It took the three members 10hrs to do this, so more hands are needed to make light work.

Cheers

Perdita

President's Report

Hi

Its near the end of my time as president for a second term, time for someone else to step in as my wife and I are off with the grey nomad crew soon going around Australia. Has been an enjoyable and highly enlightening time, tried to sort some long term issues and succeeded in some areas. What is needed is interest in the club and people to step up and help in many areas , please do so or the club simply wont survive. The Editors job would be made a lot easier if people assisted with articles. I personally don't think Facebook is an alternative as many don't have computers to get emails, as an ex teacher in electronic security in computing I see it as an major threat and know numerous people suffering identity theft via similar such programs.

Myself and two others spent the day securing equipment in the last container purchased, last week and that container will be moved to a new site this Friday. Don't forget the AGM this Friday evening 10th August 2018, we will be starting at 0730pm with a Bar be que and this will also incorporate the meeting starting at 8pm. Please all attend

All the best Keith

As most of you are well aware, we are gathering every second or third meeting at a club members house. We are very appreciative to these members opening their homes to us for the meeting and having lunch there. We are mindful that we need to respect their generosity of inviting us into their homes and would like to remind you all that we do not overstay our welcome.

The earliest the members would meet would be 10.00am and we all need to be gone by 2.30pm. It is unfair to assume the owners do not have anything further they need to be doing on a Sunday so it very important that the last club members leave by the allotted time.

We trust that you are all respectful of the support these club members give our club and treat them with respect when you are in their homes.
