## From the Editors Desk

G'day all, we are already half way through the year and only 10 months until the nationals, please make the effort to come to the meeting at the shooters club next week on Friday the 12<sup>th</sup> there is still a lot of planning for the nationals to be done!

I am still in need of some information from members about events or about your travels in this great country of ours, please look through your photos of any activities that you have done that relate to anything of interest to fellow P76 club members and send through to my email below. \*Please note that my home email has crashed and I have put my work email below for all future correspondence\* If anyone has sent me anything recently on my home email I apologise I am unable to access it. (This email no longer works [davidmuirhead@bigpond.com](mailto:davidmuirhead@bigpond.com).)

So don't forget please send me as much information and/or photos on any of your car adventures so that we can share some of these exciting stories with fellow club members. Without your input the magazine will become a little dull, especially if I am the only person rambling on!

I also ask that members send me some photos and info from your early days with the mighty "P" for my segment called "Blast from the past". I haven't received any historic stories from members yet.

Remember as members of the "P" club this magazine is your magazine, so please send in any information you can to my work email: [dmuir5@eq.edu.au](mailto:dmuir5@eq.edu.au)

Hope to see you all on the road soon.

Cheers David

**Spare Parts: -**

- 1/ Remanufactured Lower guards

Neville has been able to reproduce several sets of lower guard rust repair panels and put pictures on Facebook of the moulds. There has been discussion about them there also.

- 2/ Garth has been able to find space in the shed for the club new spare parts, so there is nowhere to store the trailer out of the weather.

- 2a/ Garth has asked to sell the club trailer. 7 x 4 metal box

Club members may like to purchase the trailer or retain it at a member's place for club use. If members are not interested, then it will be placed on Gumtree.

Asking price is \$600 not registered and comes with removable metal table and barbeque.

- 3/ Member agent in Kilcoy has contacted the club seeking contact points for a V8 P76. They have tried their part supplier.

Garth and I have spent a lot of effort to find them. The only place we have been able to find is M R Automotive Redcliffe Qld. Their price is \$65 a set. Garth also said they maybe available in the UK. I also contacted the Chrysler club to see where they are getting theirs.

Our club Technical advisor has suggested that member look at Electronic solution. Buying the points at \$65 x 5 time you have paid for the unit. Garth is doing a replacement Distributor and coil for approx. \$300.

4/ Neville showed his Freeway steering wheel that has been refurbished by OMG Steering Wheels. Great job. It has been suggested that maybe the club invest in a mould for the standard P76 steering wheel approx. \$300. This may give you and opportunity to refurbish the cracked steering wheels at a better price.

Look them up on Facebook OMG Steering Wheels

5/ Garth will be approaching Tubeworx to get another 5 sets of the rubber flexible brake pipes. Club sell them for \$120 a set. ADR approved and tested.

Please note that Tubeworx has 3D scanned all the metal fuel and brake pipes of the P76, so all you need to do is contact them. They should have the same part number as the Parts manual. The manual is in the Technical section of the web url [www.leylandp76.com](http://www.leylandp76.com)

6/ The club has the radius bush rubbers (made for the NSW club.) for sale as well. Garth was trying to figure out who bought stock recently that may fail. 2 club members. If you are such person please contact Garth.

### **General Business:**

#### **National discussion and plan**

1/ Garth indicated that he is looking to travel to Stanthorpe in June to overlook the site. Those interested may like to contact Garth for further details. Allan indicated that did a solo run before last Easter.

2/ Garry Ellis in Stanthorpe has been in contact with the Stanthorpe Show Ground office and has a tentative booking for next Easter Sunday for the “Car Show and Shine”. We are looking at inviting the local car clubs to attend the event too.

3/ Garry Ellis has arranged the observation run. Adrian has contacted a Hot Rod Shop to be included in the observation run for morning tea and a look at the Hot Rod workshops.

4/ Members had discussion on merchandise and special shirt design.

5/ Still to find a “Logo” for the event. If anyone can assist, please forward it to the us.

6/ Neville has indicated that Bowden’s may be able to donate items for the presentation.

7/ Member are requested to approach business for donation for Sunday night Raffle.

8/ Garth suggest building a group of club parts for the boot sale.

9/ Garry Ellis to contact Museum on whether we can get a better deal for breakfast. Entry Fee is \$7 and the combo of breakfast and entry is \$20. It has been brought to the attention of the Committee that the price is a little too steep for members with larger families.

10/ Garry Ellis is going to approach Carnell Raceway (Stanthorpe and District Sporting Car Club) for Saturday afternoon after observation run. If this happens then the club may like to subsidise supplying a late lunch.

11/ Garry Ellis has been asked to approach “Information Centre” and Local Member “James Lister” for Information bags.
